Re: CARES Act Budget

Dear Madame Speaker:

Since I declared the public health emergency on March 14, 2020, COVID-19 has had dramatic effects on our community. Our economic and physical health has suffered and in the face of that suffering, significant portions of our private and public sectors have risen to address the challenge. To assist the states and territories, the federal government has directed money in direct aid to Guam under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The total amount received of \$117,968,257.80 is substantial, but must be carefully managed.

To that end, I directed the Bureau of Budget Management and Research, in coordination with my fiscal management team, to develop a budget for CARES Act funding. The budget, which I have approved and which is attached herewith, is targeted toward our COVID-19 response and recovery needs and is guided by the United States Department of Treasury's Guidance for State, Territorial, Local, and Tribal Governments that was issued on April 22, 2020.

Senseramente,

LOURDES A. LEON GUERRERO

I Maga'hågan Guåhan Governor of Guam

Enclosure(s): CARES Act Fund Budget cc via email: Sigundo Maga'låhen Guåhan
